Preferences

What is preferencing?

Preferencing is an important part of the application process as **only one offer is received at a time**, based on your **highest eligible preference**.

You can list up to 6 preferences on your application.

If you change your mind, that's okay

You can change your preferences for free 3 times.

You can change your preferences after the application is lodged, even after an offer is made.

It is a good idea to keep 1 of your free changes of preferences until after your ATAR is released.
